12. Valley Stream- Ballfields when space is available.
13. Wildwood- Playfield west of camp entrance.

## PIPING PLOVER (*Endangered Species*)

Piping plover's are an endangered species that find sanctuary in our state parks.

Unfortunately, kites can be threatening to our nesting adults and chicks, and are seen as predators, which could then scare the birds off of their nests.

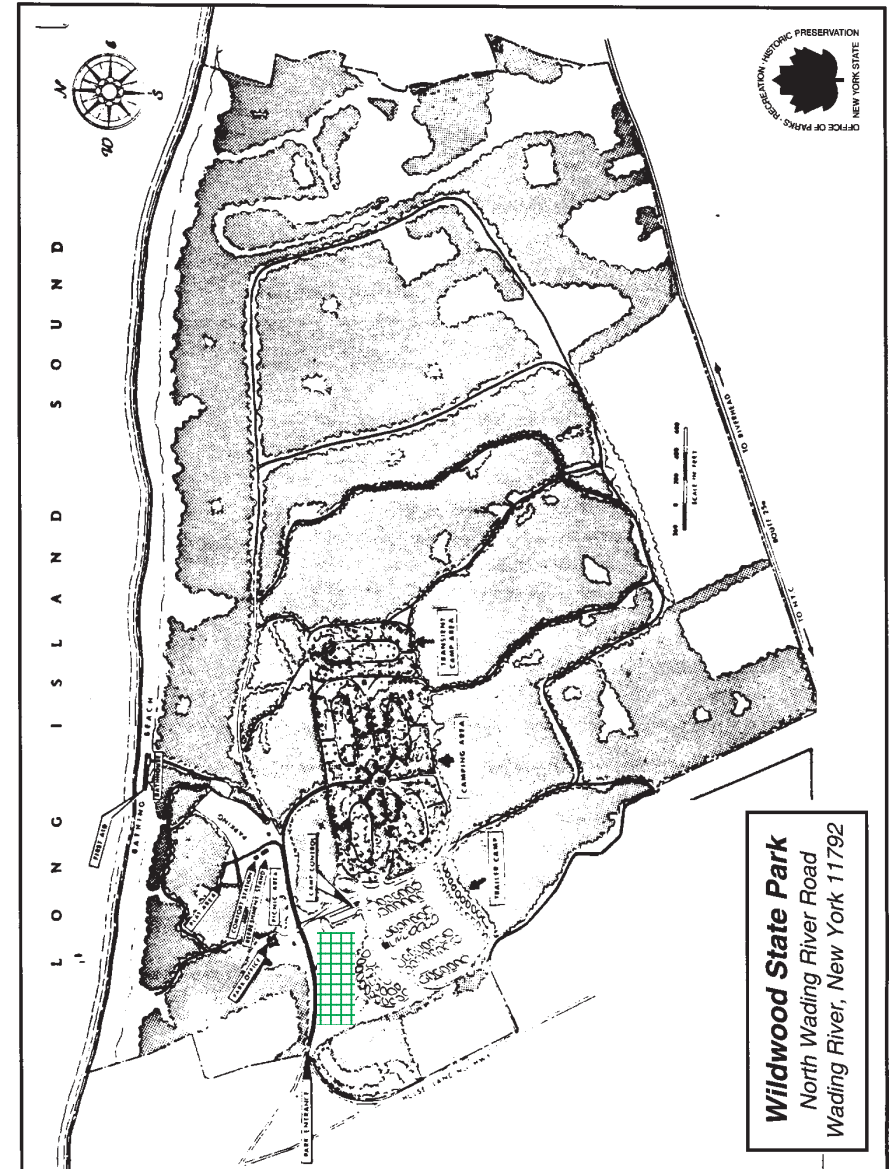

Please avoid flying kites during April 1 through August 30, in the appropriately marked areas, to help keep this endangered species undisturbed and safe.
